

# Emergency Standby Battery

Model No. 24EP6

1 Year FREE Replacement Warranty\*\*

Fluid sold separately

You will also need to purchase battery fluid to activate the battery.

## Unique Construction

Heavy duty plates store more energy and provide longer run times. Special standby construction allows the battery to last longer in standby operation

## Powerful

Very high reserve capacity; runs the Basement Watchdog Emergency sump pump system for up to 6 hours continuously, intermittently for days

## Reliable

Accommodates the Basement Watchdog sump pump fluid sensor which sounds an alarm when water is needed

## Easy to Fill

# Emergency Standby Battery

## Features and Benefits

- Designed to be discharged and recharged for use with battery backup sump pump systems, marine or RV applications
- Lasts longer and performs better than automotive or deep cycle batteries
- Provides days of intermittent backup protection
- Accommodates the fluid sensor designed for Basement Watchdog batteries. Fluid sensor is not compatible with other brands of batteries.
- 1-year free replacement warranty

## Compatibility

The Basement Watchdog Emergency Standby Battery is compatible with the following systems:

- Basement Watchdog Emergency (BWE)
- Basement Watchdog Combo (DFK961)

## Preparing the Basement Watchdog Standby Battery

The Basement Watchdog Emergency battery is shipped dry and vacuum sealed to retain freshness. Unlike other batteries, the Emergency battery will have 100% life when you are ready to install it. Activating the battery is done by simply adding the 6 qt. battery fluid pack (sold separately). Instructions are provided inside the carton. An electronic version and an instructional video are available online at [www.BasementWatchdog.com](http://www.BasementWatchdog.com). The fluid is added, it will reach 85% charge within 15 minutes. The remaining charge is put in by the Basement Watchdog backup sump pump system. Basement Watchdog batteries are the only batteries that will accommodate the fluid sensor allowing the backup pump controller to sound an alarm when distilled water is needed.

Fluid sold separately

## Basement Watchdog Sump Pump Run Times

\* Based on 10% duty cycle. Run times may vary based on inflow of water
