

# Primary A/C Sump Pump

**1/3 HP**

## Energy Efficient

- High performance PSC motor uses fewer amps than most shaded pole motors

## Dual Float Switch

- Caged dual float for added reliability

## Industrial Strength

- Industrial-grade pump provides years of strong, dependable service

## Quiet Operation

Model No.  
BW1033

**[www.basementwatchdog.com](http://www.basementwatchdog.com)**

*Watching Out for You!*

Pumping Capacity

**3720 GPH**

3100 GPH at 10' lift

Pump Construction

**Cast Iron/  
Cast Aluminum**

**Dual Float  
Switch**

# Primary A/C Sump Pump

## Pump Highlights

### Energy Efficient Permanent Split Capacitor (PSC) Motor

- Save money when using a Basement Watchdog pump

### Caged Dual Float

- Double the protection for added reliability
- Protective cage prevents debris or wires from interfering with float operation

### Premium Components Equals Durable Construction

- Cast iron/cast aluminum construction
- Quiet operation

### Strong Pumping Capacity

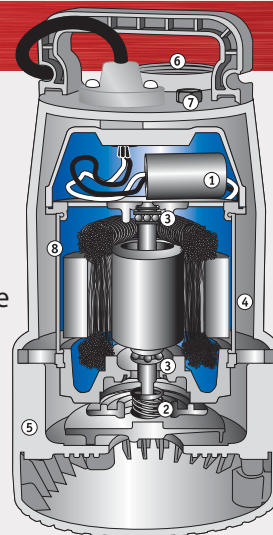

- 3720 GPH (gallons per hour) at 0' lift
- 3100 GPH at 10' lift

## Specifications

Motor HP	1/3 HP
GPH @ 0 ft	3,720
GPH @ 10 ft	3,100
Discharge	1.5" / 3.8 cm
Amps @ 10'	3.5A
Line Voltage	115 VAC, 60 Hz
Power Cord Length	10 ft.
Weight	17 lbs / 7.7 kg
Width	6.25" / 15.9 cm
Depth	6.25" / 15.9 cm
Height	10.75" / 27.3 cm
Warranty	3 years

## Features

- 1 Permanent split capacitor motor increases energy efficiency
- 2 Dual seals protect the motor from unwanted water
- 3 Upper & lower ball bearings make for quiet operation and extend the life of the motor
- 4 Water cooled; no cooling oil to leak into water system
- 5 Cast iron/cast aluminum construction for durability
- 6 Vertical discharge provide narrow footprint to fit in sump pits as small as 7" diameter
- 7 Built in air relief vent
- 8 Non-corroding stainless steel hardware

## Consider a Backup

For added security and peace of mind, consider a Basement Watchdog Battery Backup Sump Pump System
